P.B. Odom III Construction, Inc., or its successors or assigns, may from time to time plat additional subdivisions in Section 33, Township Ten (10) North, Range 3 West of the Indian Meridian, Cleveland County, Oklahoma. These additional subdivision plats shall be made subject to the reservations and restrictions (“Protective Covenants”) as set forth in Talavera Section Two. The owners of such future subdivision plats shall further become members of the Talavera Homeowners’ Association and are subject to the same obligations and benefits to which the owners of all lots in the Plat are entitled. The owners of the lots in this Talavera Section Two subdivision plat together with owners of lots in any future Talavera subdivision plats shall have the right to enforce the Protective Covenants set forth in the Declaration and the Protective Covenants set forth in all future Talavera subdivision plats. The Talavera Homeowners’ Association shall have the right to also enforce the Protective Covenants contained in the Declaration and as set forth in future subdivision plats of Talavera. P.B. Odom III Construction, Inc., its successors and assigns, may impose additional Protective Covenants on Talavera Section Two, and all previous sections, when such Protective Covenants are included in Protective Covenants pertaining to future Talavera subdivision plats, so that all lots in all Talavera subdivisions will be subject to the same Protective Covenants.

1. USE: All of the lots in TALAVERA SECTION 2 above described shall be known as, and reserved exclusively for use as residential lots and/or residential building sites for single family structures. The term “Single Family” is intended to prohibit multiple families from permanently living in the same unit. The provision shall be strictly enforced if, in the sole discretion of the Architectural Committee or the Home Owners Association, the multiple family situation has become a nuisance to the neighbors.
2. ARCHITECTURAL COMMITTEE: The Architectural Control Committee’s (hereinafter called “ACC”) purpose is to promote good design and compatibility within the subdivision and in its review of plans, specifications, plot plans, color schemes and materials or determination of any waiver as hereinafter authorized, may take into consideration the nature and character of the proposed structure, the materials of which it is to be built, the availability of alternative materials, the site upon which it is proposed to be erected and the harmony thereof with the surrounding area. The ACC shall not be liable for any approval, disapproval or failure to approve hereunder, and its approval of plans, specifications, plot plan and other submittals shall not constitute a warranty or responsibility for building methods, materials, procedures, structural design, grading or drainage or code violations. The approval, disapproval or failure to approve of any plans, specifications, plot plans or other submittals shall not be deemed a waiver of any restrictions, unless the ACC is hereinafter authorized grant the particular waiver. Nothing herein contained shall in any way be deemed to prevent any of the owners of property in the Subdivision from maintaining any legal action relating to improvements within the Subdivision which they would otherwise be entitled to maintain. No building, outbuilding or other structure shall be erected, placed or altered on any building plot in this subdivision until the building plans, specifications, design and plot plans, showing

the location, type of construction, external design and exterior materials of such building, have been approved by the ACC composed of Paul B. Odom III, David P. Odom, and Rachel Odom, or by a representative designated by a majority of the members of said Committee. In the event of the death or resignation of any member of said committee, the remaining number of members, shall have full authority and designate a successor. If the aforesaid committee, their authorized representatives or successors fails to approve or disapprove such design and location with thirty (30) days after building plans, building specifications, and plot plan have submitted to them such approval shall be deemed granted and this covenant shall be deemed to have been fully complied with. In the event that building plans, specifications, and plot plan showing the location of such building ARE NOT submitted prior to construction, the owner of the Lot is in violation of this covenant and it shall not be deemed to have been waived by the fact that the ACC does not object to a particular violation prior to completion of construction. The ACC may at any time, after completion of construction, bring an action requiring the lot owner to comply with all restrictions herein contained. If the ACC chooses to grant a waiver subsequent to completion because of hardship, such action shall not be deemed a precedent for similar violations in the future. “The ACC shall be authorized to grant a waiver from any restriction herein contained.” The ACC shall not be liable for any waiver granted or any approval, disapproval or failure to respond to a particular request. Neither the members of such committee, or its designated representative shall be entitled to any compensation for service performed pursuant to this covenant. The powers and duties of such committee, and its designated representatives, shall cease on or after January 1, 2026. Thereafter the Board of Directors of the Talavera Homeowner’s Association Inc., hereinafter defined, shall assume the powers and duties of the ACC.

The minimum side yard shall be no nearer than five (5) feet to a side lot line.
